

Professional Learning Opportunity for Early Childhood Educators, Early Learning Professionals and Parents

Save the Date:
Wednesday November 22, 2017
Time: 8:30 a.m.—4:00 p.m.

**SOLVING PROBLEM BEHAVIOURS:
CONNECTING WITH AUTISM & OTHER DISORDERS**

Presenter: Lindsay LaPaquette
West Island Speech Clinic

As a Special Needs Consultant, Lindsay has extensive experience working with children with various challenges, including primary language impairment, autism, AD(H)D, fetal alcohol syndrome disorder, learning disabilities and feeding challenges. She has a particular interest in the impact of self-regulation on language development. Lindsay believes that obtaining a global view of the child's challenges and the concerns expressed by the family is an essential component of any therapeutic process. As such, she works closely with the family and other professionals in order to ensure that optimal services are received. Lindsay is a mother to two young children who both have developmental delays. As such, she has a particular understanding of the challenges faced by families of children with disabilities.

Location: Goff Hall
381 Finkle Street, Woodstock

To register contact:
A Child First—Tracey Thompson
TraceyT@goodbeginningsday.com
or 519-421-0687 x122
or
Good Beginnings—Debbie Solta
Debbie@goodbeginningsday.com
or 519-421-0687 x121
Cost: FREE
(Lunch and refreshments provided.)

Participants will have an opportunity to discover hands-on tools to help support individuals with challenging behaviours related to a diagnosis (i.e. Autism, Attention Deficit Hyperactivity Disorder, Fetal Alcohol Spectrum Disorder, Mental Health Challenges, etc.) or unrelated to a diagnosis. The combined sensory, behavioural and communication approach presented promotes a holistic approach to the treatment of the individual.

Each participant will receive information in relation to the presentation and other resources.
